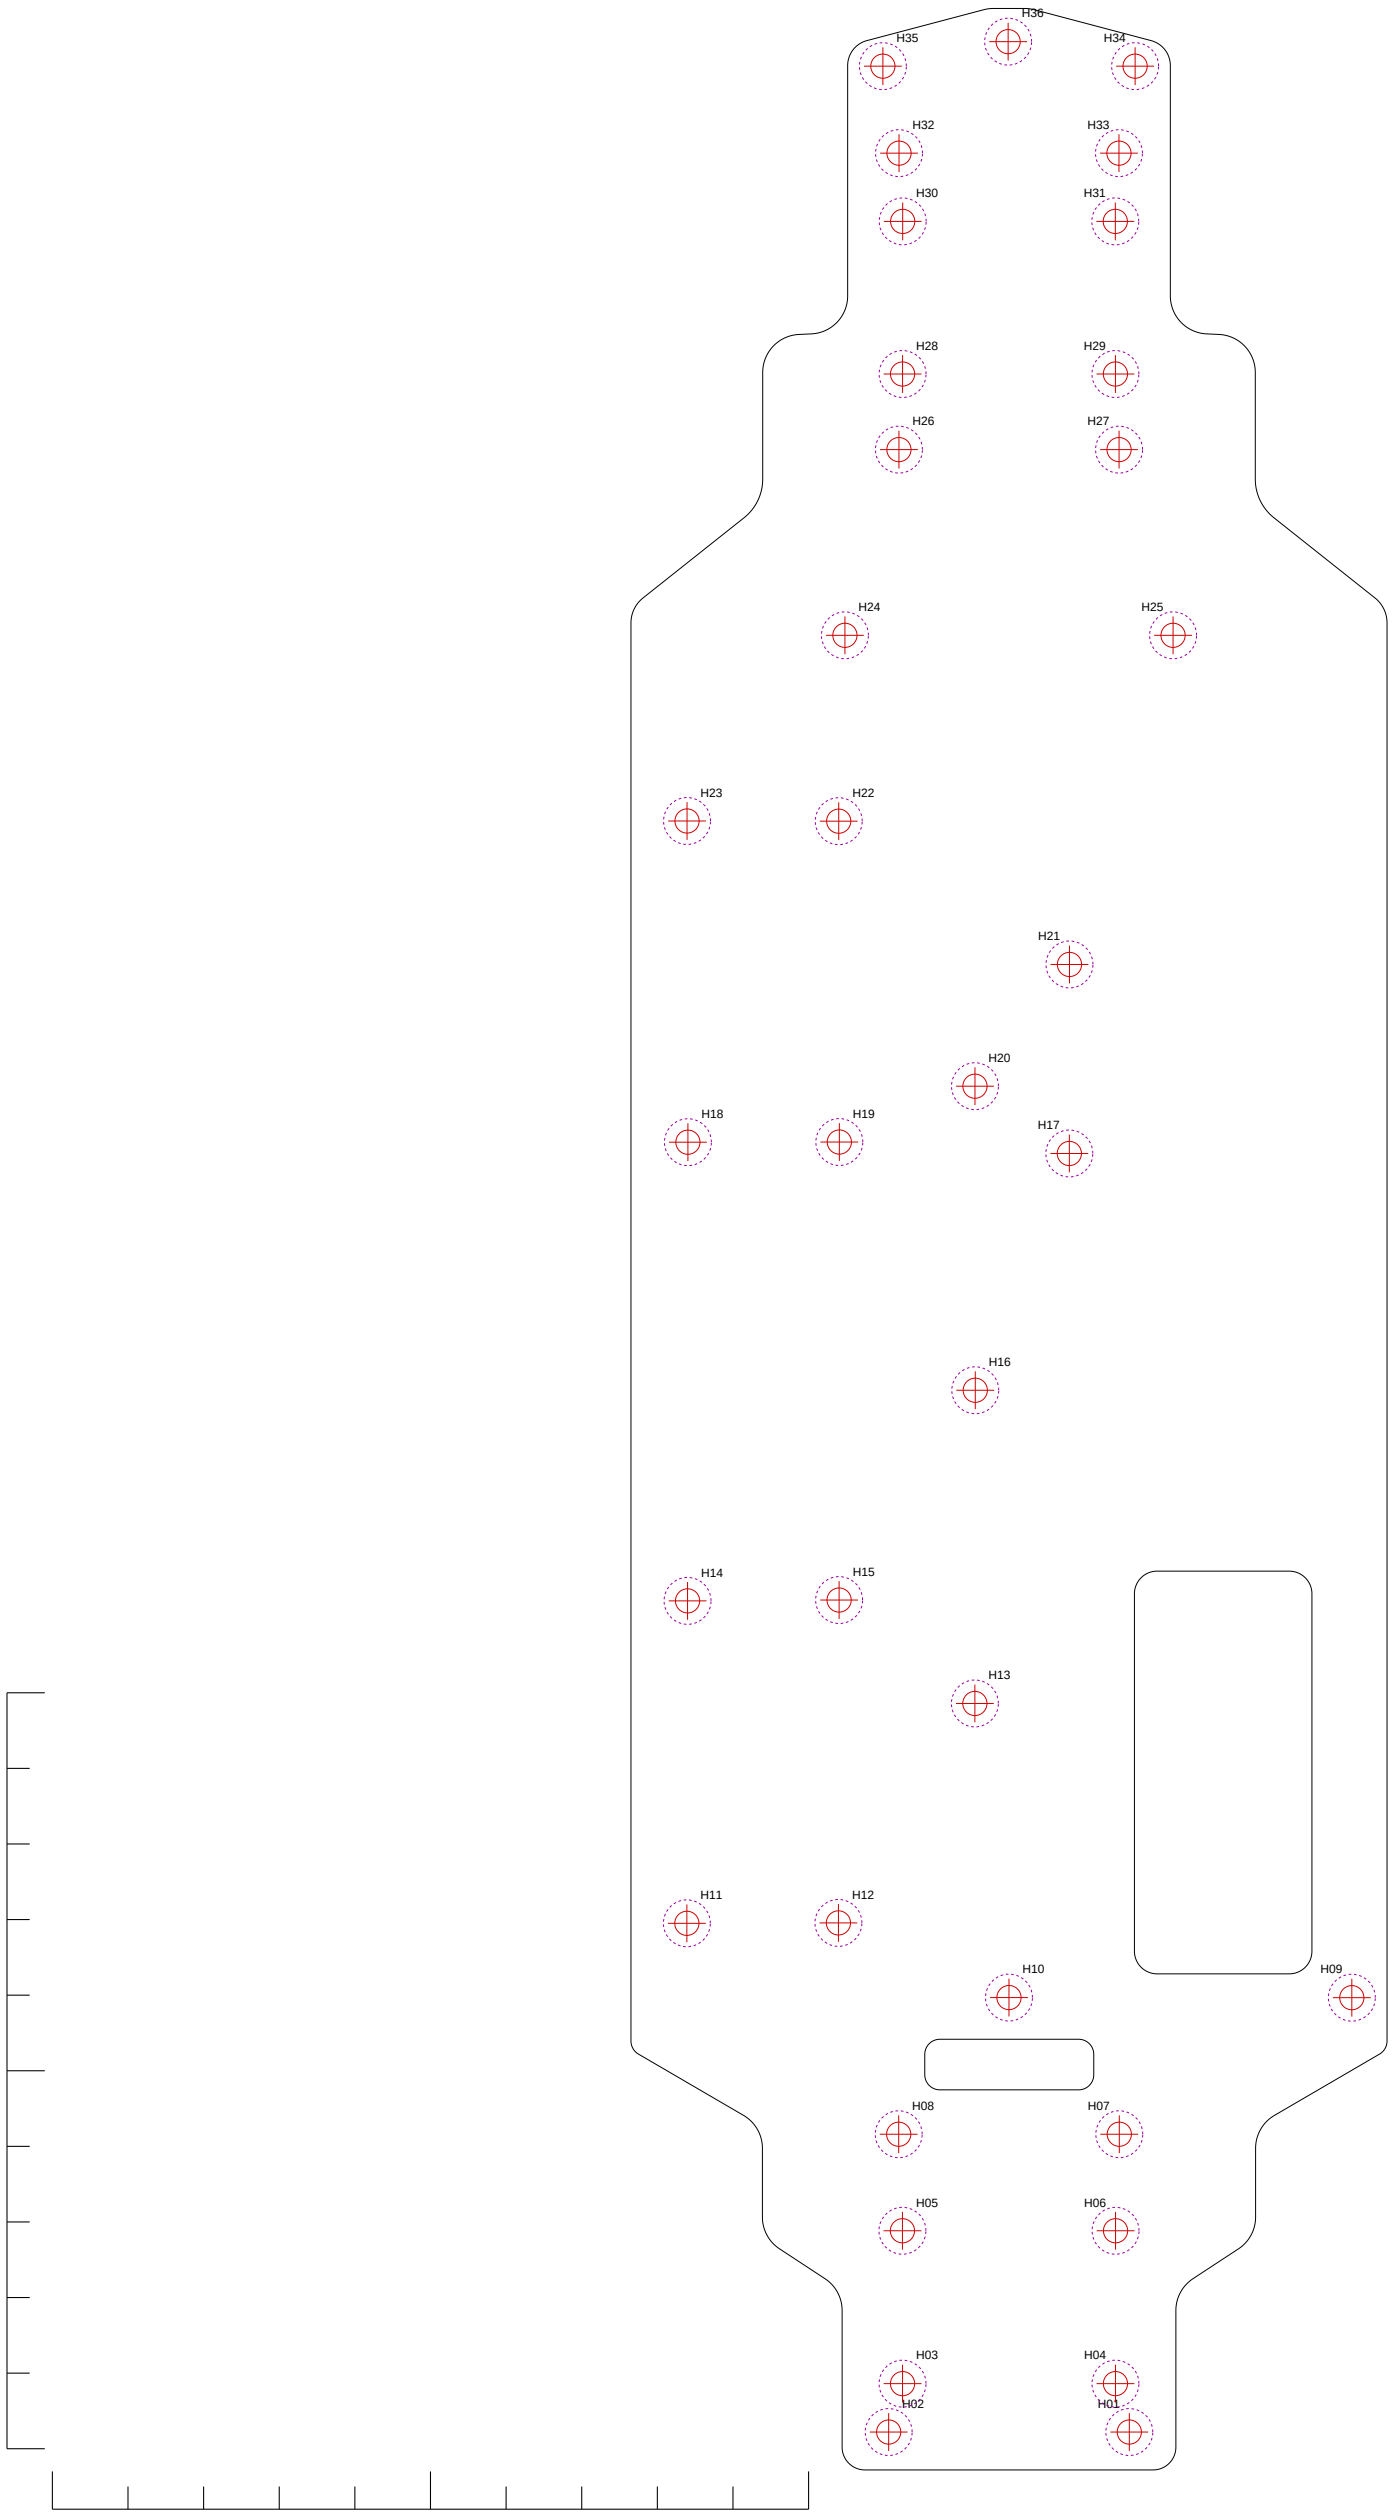
Carten T410R chassis plate v2 - 1:1


PRINT AT 100% / "Actual size" - no fit-to-page. Check both 100 mm bars with a ruler before using.
View from the TOP side. Countersinks (dashed, 6.2 mm) are on the BOTTOM face. Red = 3.2 mm through holes.
Lay the plate top-side-up on the print, align the outline, look through every hole.
v2: scaled to your caliper values (width 99.98, H11-H23 145.82). Origin x=0 centreline, y=0 rear end edge.
