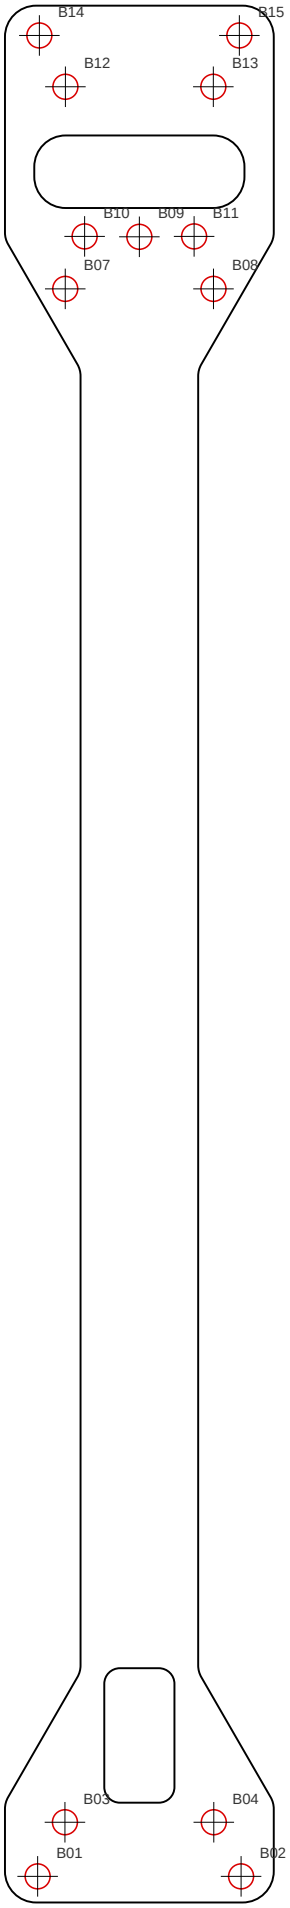
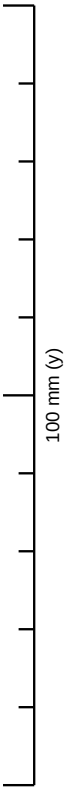
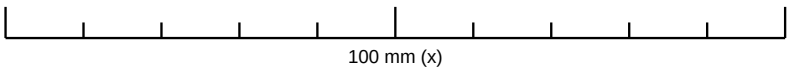
Carten T410R speedrun top brace - 1:1 template, A4

PRINT AT 97 % (scale of your PDF viewer).
The drawing is pre-scaled to 103.09 % (100/97).
Printed at 100 % ("actual size") it is 3.1 % too large.
Check both 100 mm bars with a ruler before use.






Red: through holes Ø3.2 mm with centre cross (not countersunk).
New design for the bulkheads of this project: ends as wide as the bulkheads, solid bar.
Origin: x = 0 centre line, y = 0 end edge with B01 to B04 (same as the original top brace).
